QUARTERLY REPORT		✓	✓	✓	✓

All pricing is fixed cost per annum.

Traditionally there would be a setup fee incurred of \$880.00, for ACAWA members we will waive any onboarding fees.

For ACAWA members who have multiple centres, you will only incur a one off annual payment for the total number of employees across all centres, please see below example.

Example 1: Member owns 4 centres with 10 employees at each = 40 employees total. 40 employees = 25-50 tier = \$3,450 (one annual payment). We will then set up 4 individual organisations within the platform to onboard each centre individually to allow for accurate reporting data for each specific organisation.
